

HOW TO CREATE MY MATRIXIAN MAP

Step 1: Choose your map view

Map

Cadastral

Properties

Satellite

BGT

Step 2: Choose your datasets

Location Data

POI data

Real estate
data

Consumer
data

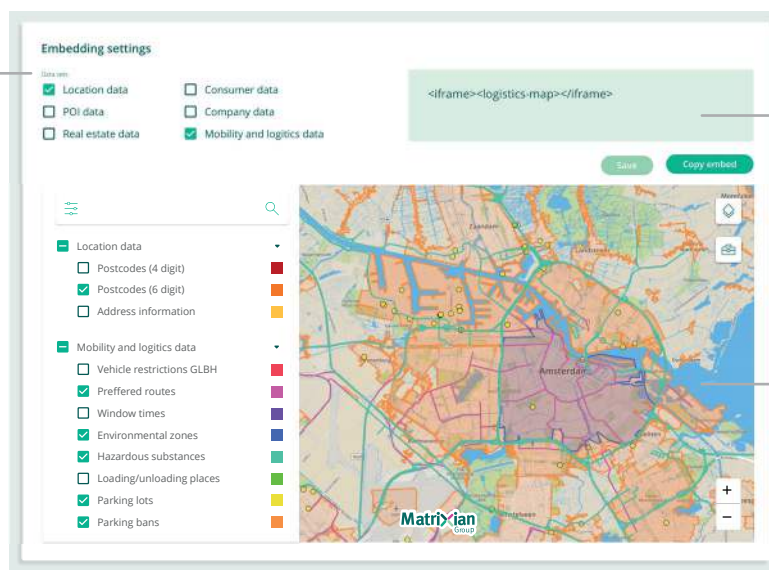

Company
data

Mobility and
logistics data

Step 3: Embed your map on any desired online platform

Overview of
your selected
data sets

Copy-paste the
short code into
your webpage

Preview of
what your map
will look like

All done! Your Matrixian Map is ready.
